Legal Rationale & Compliance Observations

Line 1: Declared code is fully verified and compliant with SARS Schedule 1.

Legal Citation: **GRI 1 (Terms of Headings)**

Line 2: CRITICAL MISCLASSIFICATION & DUTY SHORTFALL: Declared under 3506.91.00 (@ Free duty), but legally classifiable under 3506.10.00 (@ 10% duty). Potential tariff hopping / duty underpayment under SARS Section 84.

Legal Citation: **GRI 1 (Terms of Headings)**

Line 3: 6-digit subheading is correct, but declared code is truncated: missing 8-digit national split and SARS check digit (Expected: 6813.81.00 / 1).

Legal Citation: **GRI 1 (Terms of Headings)**
